

A modern interior scene featuring a large, white, dome-shaped pendant lamp hanging from a thin cord. The lamp is illuminated from within, casting a warm, yellowish glow. Below the lamp, on a wooden table, are several decorative items: a tall, white, geometric vase with dried flowers, a green ceramic teapot, a small potted plant, and a white ceramic bowl. The background is a solid, light blue wall.

Miglioriamo la vita delle persone **con la luce**

In Philips Consumer Lighting siamo all'avanguardia nella realizzazione di soluzioni di illuminazione innovative che aiutano a creare l'atmosfera perfetta in tutta la casa.

I nostri investimenti in ricerca e design ci pongono al centro della rivoluzione della tecnologia LED. Promuoviamo il passaggio dalle lampadine tradizionali agli apparecchi di illuminazione con LED integrato e a nuove soluzioni e applicazioni; inoltre, insegniamo alle persone a utilizzare la luce in un modo completamente nuovo.

Attraverso la luce aiutiamo le famiglie a ottimizzare il loro spazio abitativo, in modi che consentono di risparmiare energia e proteggere l'ambiente.

I nostri prodotti per l'illuminazione

offrono innumerevoli possibilità di esprimere il proprio stile e creare soluzioni personalizzate con diverse opzioni di controllo della luce e di utilizzo di effetti, colori e sfumature dal gusto contemporaneo. Desideriamo, inoltre, che ogni singolo cliente abbia a disposizione le informazioni necessarie per trovare sempre il prodotto adatto alle sue esigenze. Perché per noi la perfezione dell'illuminazione e dell'atmosfera è ciò che trasforma una casa funzionale in una bella casa.

In poche parole, miglioriamo la qualità della vita con la luce.

Enhancing life with light

At Philips Consumer Lighting, we're leading the way with innovative lighting solutions that inspire people to create the perfect atmosphere around the home.

Our investment in research and design places us at the heart of the LED revolution. We're powering the transition from traditional bulbs to luminaires, new solutions and applications – and showing people ways to enjoy light in a whole new way.

We use light to help families make every area of their living space do more – in ways that save energy and safeguard the environment. Our lighting choices give people countless ways to express their own style, and create their own solutions with different ways to control

light and use contemporary effects, colours and shades. We also want every one of our customers to have the information and confidence they need to find the right product every time. Because, for us, the perfect light and atmosphere is what turns a good home into a beautiful one.

To put it simply, we enhance life with light.

PHILIPS

Decora la tua casa con la luce

Hai creato la tua casa e l'hai arredata con amore per farla tua, ma nessuna casa è completa fino a quando non si accendono le luci, che immergono il tuo mondo in un'atmosfera calda e accogliente.

È per questo motivo che ora Philips offre la collezione myLiving, una gamma di apparecchi di illuminazione decorativi progettati per ogni tipo di spazio abitativo.

Questi prodotti Philips non si limitano a illuminare i tuoi ambienti, ma ravvivano ogni area della casa, aiutandoti a lavorare, divertirti, rilassarti e riposare, ma soprattutto ad esprimere il tuo stile personale. Grazie al loro design, alla qualità e alla facilità di utilizzo, i sistemi di illuminazione Philips sono pensati per te.

Per semplificare la scelta, abbiamo classificato le nostre collezioni a seconda dello stile: Modern, Contemporary e Heritage.

Decorate your home with light

You've created your own home, and furnished it lovingly to make it your own. But no home is complete until the lights come on and bathe your world in a warm and welcoming glow.

That's why Philips now offers the myLiving collection – a range of decorative luminaires designed for every type of living space.

These new ideas from Philips do more than light up your living space. They bring every area of the home to life, helping you to work, entertain, relax or rest – and they make a stylish statement

about who you are. From stunning looks to ease of use, Philips lighting is all about you.

To simplify things, we have classified our collections around the home decor spectrum – Modern, Contemporary and Heritage for your convenience.

It's amazing what Philips LED lighting can do for you

Powerful, warm and energy saving, Philips LED is a lighting revolution for your home.

Today's LED technology is ready to take centre stage in your home as the main source of light. Powerful, warm and even, LED light is beautiful to view and a wonder to experience. It's innovative too – many Philips LEDs have special optics that allow you to create stunning new light effects. Whether you want to define a wall or feature with a directional beam of light, or illuminate a room evenly, Philips LED lighting lets you do it all.

With LED, variety means there's always a light effect or luminaire design to get the most out of your home. LED technology allows ground-breaking designs of inspiring purity and beauty, and Philips offers the widest range available. LED provides incredible energy efficiency too, all without sacrificing light quality, power output or choice. No doubt about it – there's a bright future for LED technology, and Philips is leading the revolution bringing it to your home.

L'illuminazione LED Philips può fare per te **cose straordinarie**

Potente, calda e a risparmio energetico, la tecnologia LED di Philips è una rivoluzione dell'illuminazione per la tua casa.

L'attuale tecnologia LED è pronta per assumere un ruolo centrale nella tua casa in qualità di sorgente di luce principale. Potente, calda e uniforme, la luce LED è magnifica da vedere e crea effetti sempre sorprendenti. Inoltre, è anche innovativa; molti LED Philips dispongono infatti di ottiche speciali che consentono di creare nuovi effetti di luce di grande impatto visivo. Che tu voglia definire una parete o un mobile con un raggio di luce direzionale o illuminare uniformemente una stanza, con l'illuminazione LED Philips puoi farlo.

Grazie alla varietà dei sistemi di illuminazione LED è sempre disponibile un effetto di luce o un apparecchio di illuminazione con cui valorizzare la tua abitazione. La tecnologia LED consente di creare design innovativi di mirabile bellezza e purezza e Philips ne offre la più ampia gamma disponibile. La tecnologia LED fornisce inoltre una straordinaria efficienza energetica, senza sacrificare la qualità della luce, la potenza o la scelta. Non c'è alcun dubbio: la tecnologia LED ha davanti a sé un futuro radioso e Philips è in prima linea nella rivoluzione che la porterà a casa tua.

EU 874/2012

Politica dell'UE sull'etichetta energetica per le lampadine e i sistemi di illuminazione

EU policy on Energy Labels for lamps and luminaires

Di cosa si tratta?

La direttiva (UE) n. 874/2012 relativa all'etichettatura energetica di lampadine elettriche e sistemi di illuminazione prevede che i nostri consumatori, ovvero gli utenti finali, siano informati sull'efficienza energetica dei nostri prodotti. La conformità EEL è stata introdotta dal 01.09.2013 (per le lampadine) e dal 01.03.2014 (per gli apparecchi di illuminazione).

What is it?

EU regulation no. 874/2012 regarding energy labelling of electrical lamps and luminaires requires that our consumers - the end users - are informed about the energy efficiency of our products. EEL conformity will be in place from 01.09.2013 (for Lamps) and 01.03.2014 (for Luminaires).

Lampade da interni

Il soggiorno è il cuore di ogni casa,

il luogo in cui le famiglie si riuniscono e si rilassano e gli ospiti chiacchierano amabilmente. L'illuminazione per quest'area deve essere versatile e facile da regolare in base ai vari utilizzi nel corso della giornata. Un attento posizionamento delle varie sorgenti luminose e i giochi di luce aiutano a definire lo spazio e a donare alla stanza un aspetto caldo e accogliente.

Living room

The living room is the heart of any home

A place where families gathers and relax and guests socialise. Lighting need for this area has to be flexible and easy to adjust to its different uses throughout the day. Careful placement of different light sources and playing with light layering helps create the feeling of space and to give the room a warm and welcoming feel.

The advertisement is split into two main visual sections. The left section features a minimalist interior with a light grey wall. Three silver, dome-shaped pendant lights hang from the ceiling at different heights. In the foreground, a small, round, light blue table with black legs holds three decorative vases: a tall white one with a teal base, a small teal one, and a white one with a teal band. The right section is a blurred photograph of a woman in a blue shirt and pink pants working at a dining table covered with a teal cloth. A wooden chair is visible in the foreground. The overall aesthetic is clean and modern.

myLiving

Tutto ciò che ti serve per **risparmiare con stile**

Contemporanea, minimalista, ma visibilmente elegante, la versatile collezione Philips myLiving include sospensioni, piantane, lampade da tavolo, applique, e plafoniere. Progettati in base alle ultime tendenze e stili di vita, questi Apparecchi di illuminazione si integrano alla perfezione nell'arredamento e valorizzano al meglio la tua casa.

Che si tratti di un angolo accogliente in cui raggomitolarsi in compagnia di un libro o di un'area all'aperto dove trascorrere momenti piacevoli con amici e familiari, ora puoi usare la luce per definire il tema di qualsiasi area della casa e creare quell'atmosfera unica che hai sempre desiderato.

Everything you need to save in style

Current, understated yet distinctly stylish, Philips myLiving Contemporary collection spans from floor, table, wall and ceiling lights. Designed around the latest tastes, trends and lifestyles, they blend effortlessly into your décor and bring out the best in your home.

Whether it's a cosy corner to curl up with a book or an open area to entertain friends and family, you can now set the theme for any area of your home using hue and textures to define that localised ambiance that you have always desired.

Suggerimento

"Gli spot possono essere collocati all'interno di una nicchia in una parete, per proiettare raggi di luce forti e riflettenti che illuminano ogni parte dell'oggetto esposto. Un unico raggio di luce più ampio e diffuso si rifletterà bene su ogni superficie della nicchia"

Tip

"Spots can be set within a niche in a wall, to provide strong, reflective rays of light to illuminate every part of the display object in the niche. A single, wider and dispersed beam of light will reflect well off each surface of the niche"

Home office

Fai lavorare la luce per te

Che si lavori o si studi nel soggiorno, in camera da letto o in un studio domestico dedicato, oggi lo spazio di lavoro è un luogo fondamentale per ogni abitazione. Inoltre, poiché per tante persone gli orari di lavoro si sono allungati, è davvero importante disporre di un'illuminazione da scrivania che sia riposante per gli occhi e aiuti a mantenere la concentrazione e a restare produttivi.

Home office

Make light work for you

Whether we work or study in the living room, bedroom or a dedicated home office, today's work area is the center of any home. And with so many of us working for longer, it's really important to have desk lighting that's kind to your eyes, and keeps you focused and remain productive.

Eyecare

Philips EyeCare è una nuova gamma di lampade da tavolo LED che non danneggia i tuoi occhi. Si avvale degli sviluppi più recenti in fatto di illuminazione e comfort degli occhi per ridurre l'affaticamento dovuto al lavoro intenso e aiutare ad aumentare l'efficienza lavorativa. Lampade per il bagno

Un'oasi di serenità

Il bagno è il luogo in cui iniziamo e terminiamo la giornata. Iniziamo con le attività del mattino come lavarsi i denti, radersi, mettersi in piega i capelli, truccarsi alla perfezione. Di sera, il bagno si trasforma in un luogo di comfort dove possiamo rilassarci con un bel bagno caldo prima di andare a dormire. È un'oasi di serenità in ogni casa e arredarlo in modo adeguato garantirà un inizio e una fine della giornata estremamente piacevoli.

Bathroom

An oasis of serenity

The bathroom is the place we begin and end our day. We start our morning task-oriented activities like brushing our teeth, shaving, styling our hair and ensuring that our make-up is done up to perfection. In the evening, the bathroom transforms into a place of comfort as we wind down and soak in a hot bath, before retiring to bed. It's an oasis of serenity in each household, and doing it up well will only ensure that you have an extremely enjoyable start and end to your day.

myBathroom

Dai una ventata di freschezza con una bellissima luce naturale

Le sorgenti di luce di alta qualità fornite dalla linea myBathroom si adattano a qualsiasi esigenza in bagno e ti consentono di svolgere le tue attività giornaliere con risultati sempre perfetti. La gamma comprende un'ampia scelta di apparecchi di illuminazione da parete e da soffitto. La collezione è composta da grandi plafoniere che illuminano tutto il bagno in maniera confortevole. Sono inoltre disponibili applique che forniscono luce brillante e senza ombre per le attività di precisione allo specchio (ad esempio la rasatura, il trucco e l'applicazione delle lenti a contatto).

Freshen up with beautiful natural light

MyBathroom's high-quality light sources provide the right kind of light for every bathroom need, supporting your daily grooming activities and giving you complete confidence in the results. There's a wide choice of wall and ceiling luminaires. The collection offers large ceiling fixtures that light your whole bathroom in a comfortable and pleasant way. In addition, there are wall lights that provide bright, shadow-free light for precision tasks at the mirror, such as shaving, applying make-up and putting in contact lenses.

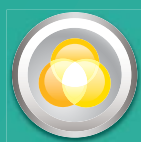

Suggerimento

"Per una perfetta illuminazione del viso, illumina lo specchio utilizzando le luci dall'alto e laterali, che eliminano le ombre e creano al centro dello specchio un punto focale creato dalla convergenza dei raggi di luce."

Tip

"For perfect lighting on the face, light a mirror from the top and side, using overhead and side lights. This eliminates shadow and creates a focal point at the mirror's center from the converging light beams."

Protezione ermetica

Protezione ermetica per proteggere dall'ingresso di umidità e polvere per garantire un bagno completamente sicuro e ben illuminato

Con ulteriore livello di protezione ermetica per la classificazione IP44* o IP65* e certificazione di impermeabilità, ogni apparecchio di illuminazione myBathroom è perfetto per gli ambienti umidi, anche vicino alla doccia, al lavandino o alla vasca da bagno. La struttura di qualità superiore completamente sigillata è elegante e armoniosa, nonché esteticamente accattivante.

Sealed tight

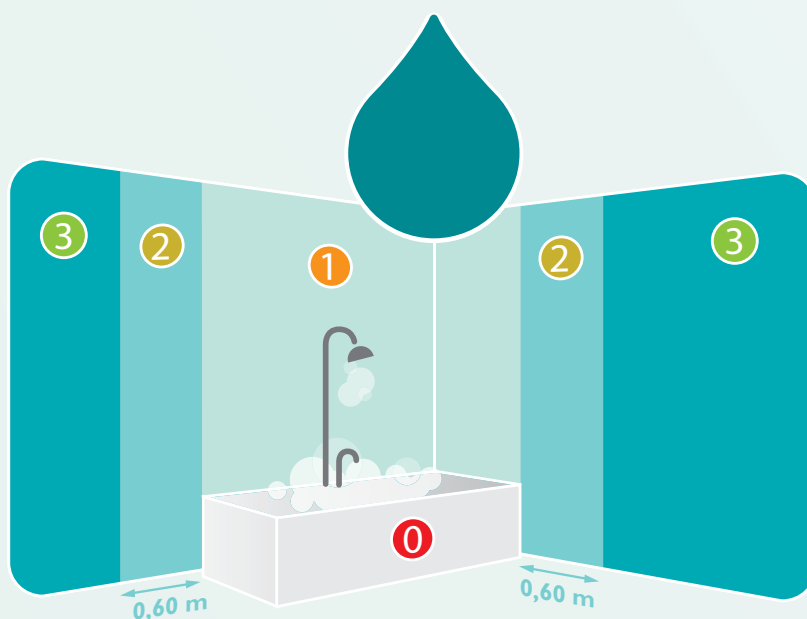

Sealed tight to keep out moisture for a completely safe and well-lit bathroom

Sealed extra tight to a rating of IP44* or IP65* and certified water resistant, each myBathroom luminaire is suited perfectly for humid environments – even near a shower, sink or bath. The fully-sealed premium body is sleek and smooth, which looks great too.

* La classificazione IP identifica la protezione di ingresso da umidità e polvere. Il livello IP è indicato da due cifre: la prima si riferisce al livello di protezione dalla polvere, la seconda al livello di protezione dall'acqua.

* The IP rate identifies the Ingress Protection against humidity and dust. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water.

Lampade per la cucina

La perfezione richiesta da un cuoco

Nulla come la cucina ti fa sentire a casa. La cucina è il luogo in cui nutriamo i nostri corpi e la nostra anima mentre prepariamo i pasti, mangiamo o semplicemente trascorriamo del tempo in compagnia delle persone amate. Una buona illuminazione può rendere accogliente, allegro e vivace questo ambiente. Inoltre, presenta i cibi nei loro colori naturali, fornendo al contempo la luminosità necessaria per preparare i pasti nella massima sicurezza: esattamente la perfezione richiesta da un cuoco.

Kitchen

The very perfection that a cook demands.

Nothing says you're home more than the kitchen – a place where we nourish our bodies and soul as we cook, eat or simply spend time with our love ones preparing food together. Good lighting can help make your kitchen welcoming, and feels cheerful and energising. It also presents your food in their true colours while at the same time provides the necessary brightness for safety while preparing your food – the very perfection that a cook demands.

A woman with brown hair tied in a bun, wearing a teal t-shirt and jeans, is standing in a modern kitchen. She is holding a white bowl and a red spoon, pouring a yellow liquid into a red pot on the counter. The kitchen has white cabinets and a light-colored countertop. There are various kitchen items visible, including a green pot, a red kettle, and some jars. The lighting is warm and bright.

myKitchen

Fai della luce il tuo **ingrediente essenziale**

Che tu sia uno chef o un maestro dei pasti rapidi, Philips myKitchen ti aiuterà a ottenere i migliori risultati dalla cucina. Grazie alle sorgenti luminose LED o a risparmio energetico, mantiene la cucina luminosa e priva di ombre. Trasforma la preparazione dei cibi in un piacere e crea un ambiente sicuro per attività come mescolare e maneggiare coltelli taglienti. Con la luce true-color i tuoi ingredienti e piatti appaiono freschi e deliziosi come il loro sapore. Facile da installare e pulire, e costruita per durare, Philips myKitchen è anche un sistema di illuminazione pratico. Dai discreti sistemi modulari alle luci spot e ai ponti luce per illuminare la zona lavelli, è disponibile un'ampia gamma tra cui scegliere. Indipendentemente dal tipo di cucina, Philips myKitchen ha la ricetta per l'illuminazione perfetta.

Make light your essential ingredient

Whether you're a cordon bleu chef or a master of the quick meals, Philips myKitchen will help you to get the most from cooking. Using LED and energy saving lights, it keeps kitchens bright and shadow-free. It's a pleasure to cook by, and creates a safe environment for tasks like mixing and handling sharp knives. The true-color light makes your ingredients and meals look as fresh and delicious as they taste.

Easy to install and clean, and built to last, Philips myKitchen is also a practical lighting system. From discrete modular systems to under-cabinet spots and battens, there's a wide range to choose from. Whatever your kitchen, you'll find Philips myKitchen has the recipe for perfect lighting.

Suggerimento

"Per eliminare le ombre, posiziona gli spot da incasso sul top dei pensili in modo che illuminino il soffitto e le pareti."

Tip

"To eliminate shadows, place recessed spots on the top your cabinets so they bounce off the ceiling and walls."

Illuminazione funzionale

L'illuminazione d'accento
nella sua migliore
espressione

L'Illuminazione funzionale garantisce che tutte le aree della casa siano ben illuminate e sicure, nonché piacevoli da vivere. Philips Functional Lighting è progettata per integrarsi nell'arredo della tua abitazione e illuminare il soggiorno, la dispensa e gli spazi intermedi. Diffonde una luce bianca calda in tutta la casa.

Functional lighting

Accent lighting at its best

Functional lighting ensures all areas of your home are well lit and safe, as well as pleasant to experience. Philips Functional Lighting is designed to blend in with your home décor and brighten up your living, storage and in-between spaces. It casts a clear, warm glow throughout your home.

SmartSpot

Valorizza la tua casa **con la luce**

Philips SmartSpot è una gamma di splendidi faretti da incasso progettati per integrarsi nell'arredo dei tuoi interni, che ti offre una grande flessibilità di utilizzo dell'illuminazione nella tua abitazione. Particolari, ma senza essere eccessive, tutte le luci spot sono progettate per completare l'ambiente circostante. Installa le luci spot a parete, a soffitto o in mobili quali librerie o armadietti senza tuttavia modificare l'estetica che desideri. Soprattutto, questa gamma di potenti apparecchi di illuminazione utilizza le più recenti sorgenti di luce alogene a efficienza energetica, a risparmio energetico e LED. Brillante e al contempo meravigliosamente calda, la luce LED è accattivante e confortevole come quella delle sorgenti luminose tradizionali. Garantisce inoltre, risparmio energetico e un'ottima qualità della luce.

Accent your home with light

Philips SmartSpot is a range of superb minimalist recessed spotlights designed to blend with your interior decor. It lets you be bold in the way you use spotlighting in your home. Distinctive without being overstated, each spotlight is designed to complement its surroundings. Install spotlights in walls, ceilings or features such as bookcases or cabinets while still maintaining the look you want. Best of all, this range of powerful luminaires uses the very latest energy-efficient halogen, energy saver and LED light sources. Beautifully brilliant yet wonderfully warm, the light is every bit as appealing and cosy as that of conventional bulbs. Energy saving too, it ensures a warm glow inside to match the warm glow of light.

Suggerimento

"Per un effetto di grande impatto su un oggetto artistico, usa un paio di spot direzionali posizionati su di esso. A una corretta distanza dalla parete, proietteranno un accattivante fascio di luce sull'oggetto, valorizzandolo."

Tip

"For a dramatic effect on your objet d'art, use a pair of directional spots over it. At the correct distance from the wall, these spots cast a flattering wash of light over it and add drama to your display."

Lampade per la cameretta dei bambini

Amiamo i nostri bambini

L'amore per i nostri piccoli ci porta a desiderare solo il meglio per loro. Vorremmo garantirgli sempre benessere e serenità a partire dal loro rifugio preferito tra le mura domestiche: la cameretta!

Kidsroom

We love our children

There's no denying it – we love our children and we only want the best for them. We will do anything to ensure that their well-being is taken care of. To do this, we start by providing our child a friendly sanctuary within house – their own bedroom. This sanctuary will be a source of comfort, an area of inspiration and a place that they call their own.

myKidsRoom

Un mondo divertente di colori e

creatività per i più piccoli!

Philips myKidsRoom è una gamma di lampade progettate per i bambini. Disponibili in una varietà di design vivaci e accattivanti, creano un mondo che invita i bambini a fare ciò che amano di più: divertirsi ed esprimere la propria creatività. Tutte le lampade emanano una calda luce bianca diffusa che è confortevole e accogliente e, naturalmente, ideale per le magiche favole della sera. Esplora la nostra collezione e scopri in che modo una lampada può fare la differenza anche nella vita dei tuoi bambini.

A fun world of colour and creativity for kids

Philips myKidsRoom is a range of lamps designed for kids and around. Available in a variety of colorful and exciting designs, they help create a world that encourages children to do what they enjoy most – have fun and be creative. All of the lamps have a diffused warm white light that is comforting and cozy – not to mention ideal for magical bedtime stories. Explore our the collection and see how light can make a big difference for your little people.

Suggerimento

“Aiuta i bambini a scoprire in modo divertente le differenze tra il giorno e la notte con lampade che, utilizzando simboli giocosi, insegnano loro quando è il momento di andare a dormire e quando è il momento di svegliarsi.”

Tip

“Help children learn about day and night in a fun way by using lamps that uses playful symbols to let them know when its time to sleep and time to get up.”

Walt Disney Animation Studios presenta un racconto epico di fantastiche avventure. Anna e Kristoff intraprendono un fantastico viaggio per ritrovare Elsa, la sorella di Anna, la cui magia è di grande fascino ma allo stesso tempo molto pericolosa. Kristoff, audace uomo di montagna, è determinato ad aiutare Anna, grande sognatrice, per superare con astuzia le mille peripezie che incontreranno lungo il loro cammino.

Walt Disney Animation Studios presents an epic tale of adventure and comedy with Frozen. When a prophecy foretold traps a kingdom in eternal winter, Anna, a young woman with dreams of a better life, and Kristoff, a daring mountain man, team up on the grandest of journeys to find the Snow Queen and put an end to her icy spell. Encountering Everest-like extremes, mystical creatures and magic at every turn, Anna and Kristoff battle the elements in a race to save the kingdom from destruction.

Il design elegante unito alla tecnologia LED creano un'illuminazione realmente in sintonia con il tuo umore. In che modo colorerai il mondo con la luce?

MoodLighting

everything you need to set
the perfect scene

Sometimes it's all about capturing the moment. Philips offers lighting solutions to match your mood and help you create great moments. Choose from a variety of ways to set the right atmosphere by using light & color in your home. LivingColors, Candles & LightStrips are everything you need to set the perfect scene. Elegant designs combined with LED based technology make you enjoy lighting that really fits your mood. How will you color your world with light?

A photograph of two women sitting on a light-colored, shaggy rug in a bright, modern room. The woman on the left has long red hair and is wearing a dark green long-sleeved shirt and black pants. She is smiling and looking towards the woman on the right. The woman on the right has dark curly hair and is wearing a magenta short-sleeved dress. She is also smiling and looking back at the first woman. In the background, there is a white kitchen counter with some items on it, and a purple basket is on the rug near the woman in the magenta dress. The room is brightly lit, with light coming from the right side, creating a warm and inviting atmosphere.

LivingColors

myGarden Solar

Trasforma la luce del sole in **luce LED**

Quando il sole tramonta, non c'è niente di meglio che accendere l'illuminazione del tuo giardino. Ora Philips myGarden Solar ti consente di immagazzinare l'energia del sole durante il giorno e di sfruttarla per creare una splendida atmosfera con l'illuminazione del tuo giardino fino a tarda notte. Alimentata esclusivamente ad energia solare, si tratta della fonte di energia più ecologica per l'illuminazione per esterni.

Turn sunlight into **LED light**

When the sun goes down on your outdoor space, there's no better feeling than switching on your garden lighting. Now Philips myGarden Solar lets you capture the power of the sun during the day to enjoy beautiful, atmospheric garden lighting long into the night. Powered entirely by solar, it's the most energy efficient source of outdoor lighting there is.

Suggerimento

"Le luci ad energia solare non richiedono cavi di alimentazione e sono semplici e sicure da installare, ideali per le zone di difficile accesso o che non dispongono di elettricità, come ad esempio il fondo del giardino o la sommità di una struttura."

Tip

"With no mains power cables required, solar is safe and easy to install, which makes it ideal for areas that are hard to reach or don't have electricity – at the bottom of the garden, for instance, or on top of a structure."

Vantaggi Benefits

**Luce bianca calda

Energia solare
Solar energy

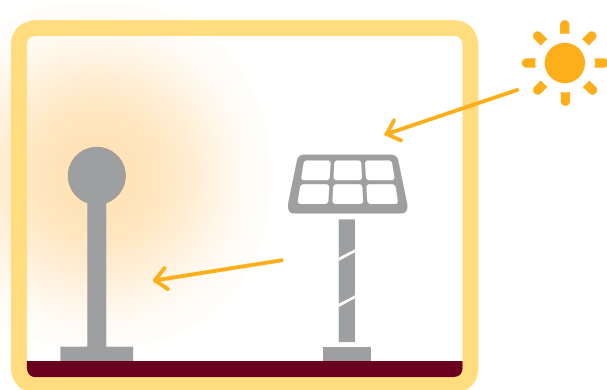

Pannello integrato

Alcune luci Philips myGarden Solar dispongono di un pannello solare integrato. Sono prive di cavi, ma è necessario disporle in aree dove possono ricevere sufficiente luce solare durante il giorno.

Le luci myGarden Solar con pannello integrato emettono fino 100 lumen di luce, sufficiente ad illuminare una zona circoscritta o dare risalto a una caratteristica.

Integrated panel

Some Philips myGarden Solar lights have an integrated solar panel as part of the light. These are free of cables, but you do need to place the light in a place where it receives enough sunlight during the day. myGarden Solar lights with an integrated panel emit up to 100 lumens of light, enough to illuminate a defined area or highlight a feature.

Pannello separato

Alcune luci Philips myGarden Solar dispongono di un pannello solare separato collegato alla luce per mezzo di un cavo in dotazione. È possibile posizionare il pannello nel punto in cui riceve maggiore luce solare oppure nascondere alla vista posizionandolo su un tetto o dietro un angolo. I pannelli solari separati garantiscono una maggiore emissione luminosa (fino a 300 lumen), perciò è possibile collegare fino a tre luci myGarden Solar ad un pannello solare separato.

Separate panel

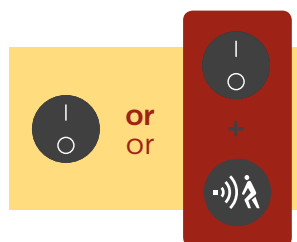

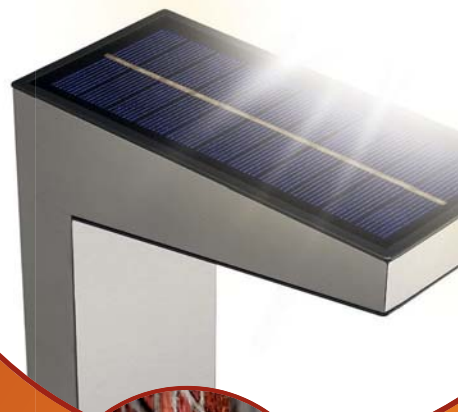

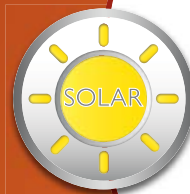

Some Philips myGarden Solar lights have a separate solar panel connected to the light by an included cable. You can position this panel in the best place to collect sunlight, or keep it out of view on a roof or around a corner. Separate solar panels provide more light output – up to 300 lumens – so you can also link up to three myGarden Solar lights to one separate solar panel.

Grazie all'avanzata illuminazione LED e alla tecnologia solare, le luci myGarden Solar producono una luce bianca calda che crea effetti gradevoli e illumina le aree esterne. Per questo le luci Philips myGarden Solar creano l'atmosfera perfetta per passare un po' di tempo con la tua famiglia, illuminano i punti di interesse del giardino, sentieri e garage.

Thanks to advanced LED lighting and solar technology, myGarden Solar lights create plenty of warm white light. This is pleasant to experience and illuminates outdoor areas well, making Philips myGarden Solar the perfect backdrop for enjoying time outdoors with family, creating dramatic light effects to wow your friends, highlighting garden features, or simply lighting paths and garages safely.

Le luci Philips myGarden Solar sono semplici da installare e richiedono solo alcuni minuti per essere posizionate nel tuo giardino, anche se non hai mai installato illuminazioni per esterni. Dal momento che non dispongono di cavi di alimentazione, possono essere posizionate con la massima flessibilità, visto che non richiedono una presa di corrente nelle vicinanze.

Philips myGarden Solar takes the hard work and hassle out of outdoor installation, requiring just a few simple minutes to place in your garden – even if you've never installed outdoor lighting before. With no mains power cables to worry about, there is lots of flexibility for placement, since you don't need to be close to a power socket.

Risparmio energetico

Le luci Philips myGarden Solar sono progettate per sfruttare al meglio l'energia che ricevono dal sole, per garantirti un'illuminazione più duratura. Le caratteristiche di risparmio energetico quali l'interruttore on/off e il sensore di movimento consentono di controllare la quantità di luce utilizzata, per essere certo di avere luce a disposizione quando ne hai bisogno. Poiché con l'energia solare la durata dell'illuminazione dipende dalla quantità di luce solare che il pannello riceve, queste intelligenti caratteristiche di risparmio energetico ti garantiscono di poter sempre illuminare le aree esterne alla tua casa, indipendentemente dal tempo atmosferico, con myGarden Solar.

Energy saving

Philips myGarden Solar lights are designed to make the most of the energy they receive from the sun, for light that lasts longer. Energy-saving features such as an on/off switch and a motion sensor let you control the amount of light you use, so you can be sure there's always light available when you need it. Since with solar the length of lighting time depends on the amount of sunlight the solar panel receives, these clever energy-saving features help to ensure that whatever the weather or time of year, you'll always be able to light your outdoor areas brightly with myGarden Solar.
